PETITION COUNCIL FOR NEW SCHOOL

Ask For an Appropriation of $110,000 For Building and Improvements

SCHOOLS TO CROWDED

New Structure Would Cost $80,000—Total of 4,109 White Children Attending

Alexandria, Va.
February 3, 1921.

Alexandria City School Board,
Alexandria, Va.

Gentlemen:

The members of your committee have given considerable time, and much thought and study, during the past two months, to the problem of bettering our schools in the matter of increased seating accommodations, better sanitary arrangements, better play grounds and better school surroundings. Your committee has been ably assisted in their labors by our City Engineer, Mr. E. C. Dunn, and they desire to record in this report their grateful appreciation of his many courtesies. Your committee recommends that the City School Board urge upon the City Council the necessity of their appropriating $110,000.00, or as much thereof as may be necessary, for school purposes, the same to be expended, approximately, as follows:

1. For a school building containing (16) class rooms, no auditorium, harmonizing architecturally with the High School building, to be erected upon the High School lot, at the cost of, approximately, $80,000.00.

2. For a modern system of ventilation to be installed in the Washington School; and for new sanitary arrangements, making that building suitable for co-educational purposes, to be made at a cost of, approximately, $15,000.

3. For such alteration in the present sanitary arrangements at the Lee School as may be necessary to make that building suitable for co-educational purposes at the cost of, approximately, $1500.

4. For putting the High School grounds in proper condition, and bettering the surroundings of that school.

5. For grading the lot at the Washington School.

Your committee further recommend that this Board retain the services of Mr. E. C. Dunn in preparing plans and specification for the foregoing work.

The members of this Board will readily recall the emphatic talk of the Superintendent of Public Instruction, Mr. Harris Hart, in his recent appearance before this body. Upon being informed that the school census for the year 1920 showed 4109 white children between the ages of 7 and 20 years, and that our entire enrollment for the year 1920-21 was 2271 pupils, he stated quite emphatically, that after making all due allowance for the attendance at private schools, our percentage of enrollment was still very low; add to this the fact that we are unable to enforce the law against truancy owing to the inadequate seating capacity of our schools, and it becomes clear that our schools are not fully efficient in their relation to the community as a whole.

The Superintendent of Schools has furnished your committee with a report of the enrollment of our schools January 1, 1921, from which it appears that we have eight schools on half time; four schools alternating daily, two schools to a room; six rooms accommodating twelve schools.

That at Washington School the first grade has 136 pupils with one teacher; that at Lee school. Section (1) of the first grade has 121 pupils with one teacher; section (2) of the first grade has 107 pupils with one teacher; and that section (3) of the first grade has 114 pupils with one teacher.

His report shows that notwithstanding the fact that the Association of High School and Colleges of which we are a member, an Association on the basis of whose recommendation all high schools are accredited, fixed 25 pupils as the maximum number to a teacher or section, we have at the High School 326 high school students in 11 rooms; and 139 grammar grade pupils in (3) rooms.

In the West End School we have 175 grammar grade pupils in (4) rooms; in Lee School 990 grammar grade pupils in (16) rooms; and in Washington School 617 grammar grade pupils in (11) rooms, including the old building, a total of 2247 grammar grade pupils in (45) rooms, while the capacity of our present buildings; if seated as they should be is 1550 pupils in the 45 rooms.

It is plainly evident from a careful survey of the foregoing facts and figures that if we are to increase the efficiency of our schools, first, as they relate to the community as a whole, and, secondly, as they relate to the pupils, and the teachers, we must have more seating capacity, better surroundings, and better play grounds.

The statistics furnished by the Superintendent of Schools show that in 1908-09 there were 1121 white pupils enrolled in the schools, and that that in 1920-21 there are 2271, an increase of over 100 per cent. Add to this the further fact that the 1921 census shows that there are 4109 white children between the ages of 7 and 20 years in the community, and that our entire enrolment of white children is only 2257, and the absolute necessity for increased seating accommodations becomes glaringly apparent; and with the increased seating accommodations necessarily goes better surroundings, and better playgrounds.

In concluding this report, your committee desires to particularly emphasize the fact that the additional seating accommodations secured by the erection of this new building, and the alterations at the other two, will meet the present necessities of the schools only, there will be little or no excess left to care for future needs. Should the percentage of gain in enrolled pupils which has prevailed during the year 1908-20 be maintained during the next few years; and should our percentage of children of school age versus children enrolled in the schools more nearly approximate normal, as was so strongly urged by the Superintendent of Public Instruction; and should the legislature at its next session take action upon the matter of compulsory education, as it was authorized to do by the recent amendment to the Constitution, the condition of our schools then would be no whit improved over what they are today, and we shall be again confronted with the problem of more school buildings.

Respectfully submitted.
Committee.
JAMES BAYNE,
E. S. LEADBEATER,
T. CALVERT PERRY.

2 Missing Girls Caught

Edith Storey and Margaret Bragunier Started for Mardi Gras

As they walked down the gang plank of a coast-wise steamer that had just arrived in Jacksonville, Fla., from Baltimore, Md., Edith Storey, 15 years old, and Margaret Bragunier, 16 years old, runaways from Cherrydale, Va., were met by police of that city. They are being held for the arrival of their parents, who presumably will go today to bring them back.

A boy told Margaret's parents that the girls planned to go to the New Orleans Mardi Gras.

Discovery in a Baltimore shop of jewelry the girls had pawned led the police to believe that they had gone to Jacksonville by boat and were then planning an overland trip to New Orleans.

Paper In Street

Mayor Orders to Arrest all Persons Found Throwing it in Street

Mayor Duncan today directed the members of the police force to strictly enforce the city law regarding the throwing of waste paper on the streets. It is expected that within the next few days a large number of those who violate the law will be arraigned in court. It also is a violation of the law to born paper in the street unless it is in a metallic receptable. Many complaints have been received by the mayor and police regarding the carelessness of persons in throwing waste paper in the street.

Income Taxes

All Returns Must be in by March 15.—Deputies Here Will Assist Any Person With Work

All persons liable for U. S. income taxes for the period ending March 15th, 1921 can have their necessary papers executed by calling at the office of the Internal Revenue on the second floor of the postoffice building in this city. Deputy collectors will be on duty from 9 a. m. to 5 p. m. daily to assist income tax payers to prepare and file their returns.

It is advisable as well as important to attend to this duty as early as possible and not delay filing returns until the last few days prior to March 15th, 1920.

Everyone must file an income tax return whose income is $2,000, if married and living with wife (or husband), December 31st. 1920, and $1000 if single. A widow or widower must make return if income is $1000. Single persons or minors whose income is $1000 must make a return. In the case of the latter return should be made by legal guardians.

Bring all data pertaining to your income for 1920 when you call on the deputy as this will facilitate his work and save unnecessary delay in making returns.

Read today's Classified Columns in the Gazette. Something there you need, may be.

INTERESTING FIGHT FOR SCHOOL BOARD

Ashby Bladen and James Bayne Elected After Several Ballots

TAX BILL UNCHANGED

Several Changes and Additions Made to Annual License Bill—Bill Posters Increased From $20 to $200.

The city school board wants city council to appropriate the sum of $110,000 for a new school building and improvements to the other school buildings, grounds, etc. The members of the city school board last night appeared before a joint session of the city council and urged the necessity of the proposition and James Bayne chairman of a special board, making the report for that committee stated the report has the unanimous indorsement of the board. In their report they recommended the erection of an additional school building on the high school grounds to harmonize with the present building and to contain sixteen class rooms; an appropriation of $15,000 for improvements at Washington school for boys, sanitary arrangements, grading grounds etc., and $1500 for improvements at Lee school for girls on Prince street.

The present housing facilities in the schools it was set forth are entirely inadequate owing to the large number of pupils in the various class rooms, as high as 131 being taught in the first grade. If conditions are to be improved, it was recited in the report, additional housing facilities are needed and more playgrounds. It also was explained that if compulsory education becomes operative the present schools will be far behind in their ability to meet the situation. In both branches of council the paper was referred to the joint committee on schools and finance.

An interesting race for school board from the second and third wards resulted in a victry for Ashby Bladen and James Bayne.

The selection of a trustee from the second ward first was taken up. Councilman Downham nominated Ash by Bladen; Councilman Wattles, Miss Rose M. MacDonald and Councilman Ruben, Mrs. Charles M. Shepperson.

The vote was by ballots follows: First, Bladen, 10; MacDonald, 10; Shepperson, 3; second, Bladen, 12; MacDonald, 11; third, Bladen, 11, MacDonald, 10; Shepperson, 2; fourth and last ballot, Bladen, 13; MacDonald, 10.

The election of a trustee from the third ward, which has been hanging fire for several weeks next came up. Nominations were made as follows: James Bayne, incumbent, nominated by Councilman Desmond; Percy E. Clift nominated by Councilman Baggett and Mrs. Frederick J. Paff nominated by Councilman Sullivan.

Ballots taken follow: First, Bayne, 12; Clift, 8; Paff, 3; second, Bayne, 12; Clift 11; third and last, Bayne, 13; Clift, 9; Paff, 1.

The annual license law was reported and adopted with a number of minor changes, and a few additions made to the law. The license of bill posters and lithographers was raised from $20 to $200. Dealers in tea, coffee and spices who sell from house to house was fixed at $100; tax on physician, the license was reduced from $75 to $50 and $25 on physicians for the first two years' practice. Lawyers were reduced from $75 to $50. License on penny in the slot and weighing machines was reduced from $10 to $3. On each baker other than steam bakers the license was increased from $35 to $75. A tax of $60 on dealers who wholesale near beer was added. The annual tax ordinance fixing the tax on real estate at two dollars on the $100, with five per cent discount if paid by September 1, 1921, and five per cent penalty if not paid by December 1, 1921 and six per cent damages assessed if not paid by January 1, 1922, was read and adopted. The only change is the elimination of the three per cent allowed during a certain period.

Councilman Ruben directed attention to arrests made by the police for traffic violations at King and Alfred streets last Sunday afternoon. He said he directed Chief Goods' attention to it. A traffic policeman, he suggested, should be stationed in the street to guide automobilists. The mayor, he said, informed him he would provide for this in the future. A defense of the police in their work was made by Councilman McCaffrey.

Other business disposed of follows: Bill of Corporation attorney H. Noel Garner for $369.50 for work done, ordered paid; petition of Mr. Ladue for garage at 426 North Fayette street granted; petition of A. Mendelson for gasoline pump at 1609 King street was refused; Councilman Downham stated that he had been informed by Corporation attorney Garner that papers had been filed in a suit to compel the Alexandria Water Company to lay mains to George Washington Park so residents of that place could obtain water; resolution appropriating $400 for sewer on Wilkes between Royal and Fairfax streets was referred to finance committee; $150 was appropriated for sewer on Commerce between Payne and Fayette streets, petition protesting against granting permission to anyone for gasoline pump on Alfred beteen King and Prince streets and resolution to prevent parking on east side of Alfred from King to Friendship alley and the east side of Columbus from King to the alley in the rear of the Fairfax apartment and also on the west side of Alfred to the alley north of Cameron apartment referred to street committee. Resolution of councilman Drury appropriating $100 to purchase additional signs for parking and some to place in hospital zone was adopted; report from grand jury regarding buildings which are thought to be a menace was referred to street committee; petition of E. Burnett Ale for gasoline tank at 308 South Alfred street referred to street committee.

FRIDAY EVENING'S SOCIAL

The Friday evening community socials at the Westminster Building are to be continued this month and probably the change will be permanent. The Ladies Auxiliary of the Y. M. C. A., which has the socials in charge has decided that the change is for the best and may decide that the Friday evenings date is better than Saturday evening.

The change was largely made at the request of the young people of the city that they thought Saturday evening an off evening, believed that Friday evening would meet a more universal demand. The two socials that have been held Friday evening have been well attended and practically by the same young people that had attended the Saturday evening affairs.

The party Friday will begin with a movie show for the kiddies at 3:30 in the afternoon and the same show will be given for the young people at 7:30 in the evening. Games of many kinds, including "rest" games, and refreshments will conclude the party.

Defense Scores

At Dry Agent's Trial Court Rules Out Reference to Former Conviction of Joseph Williams

Manassas, Va., Feb. 9.—The defense scored its first point yesterday at the opening of the trial of W. C. Hall, former state prohibition officer, who is charged with the murder of Raymond Shackelford and Laurence Hudson on the Valley Turnpike, near Fisher's Hill, Shenandoah county, March 26, 1919, when Judge Samuel G. Brent ruled out any reference to a former conviction in a Richmond court of Joseph Williams, only witness to the shooting and regarded by the defense as the "star witness." It is alleged that the slain men were engaged in transporting liquor.

In presenting his opening statements to the court, Judge Tavenner, chief counsel for the prosecution, sought to disqualify Williams as a witness by calling the court's attention to the fact that the witness had been convicted by a Richmond court on a charge of voluntary manslaughter. The case later was appealed, a writ of error granted and a retrial ordered. Judge Brent ruled the reference was not permissible.

Nine jurors were in the box when examination of the second venire began. Eleven talesmen qualified for duty out of forty-nine examined yesterday, but two of these were excused.

Hall, at two previous trials, which resulted in deadlocked juries, testified that Shackelford, who also was killed by prohibition officers, opened fire when he stepped on the running board of an automobile in which Shackelford and Hudson were alleged to have been transporting whiskey.

Charges against three other prohibition officers have been nol-prossed.

Considerable progress is being made today in the examination of witnesses, and it is now believed that the case will go to the jury by Friday.

The home of J. W. Barnett at Bethesda, Md., was destroyed by fire shortly after midnight last night. The volunteer fire departments of Bethesda and Tenleytown, and a company from Washington, aided by residents of the neighboring towns fought with the fire for more than an hour in an effort to check the blaze.

REPLY FAILS TO HALT ALLIES' PLANS

Preparations Being Made Made Secretly to Reject Peace Terms

ALLIES WILL BE READY

Teutons to Send Envoys to Parley—Berlin Government Reserves Right to Submit Counter Proposals.

Paris, Feb. 9.—The German Government today accepted the Allied invitation to send representatives to a conference in London March 1 to discuss the reparations account rendered two weeks ago by the Entente premiers. The reply from Berlin came in time to prevent further talk about the preparations which the Allies are making for action in case Germany refuses to disarm and pay.

These preparations are going on secretly, nevertheless, so that the Allies will be ready to act is necessary when the first time limits set by the Paris conference expire.

The Intransigeant last night said: "It has been said that the Belgians with their heavy material have already crossed the Malmedy region. It may be assumed that the other contingets of the occupation will not long be delayed. There is great animation on the Rhine—joyous animation, according to witnesses."

The first disarmament time limits expire the end of February, just as the London Conference is assembling. No sanctions can come into play before March 15. Should the Germans at the London conference accept the Allied disarmament terms, but refuse the demands for reparation, the Allies cannot apply penalties to force the payment of reparations before May 1, when, according to the Treaty of Versailles, the Reparation Commission must have presented to Germany the war bill and have allowed her to make her observations thereon.

The language in which the Germans accept the invitation to the London conference is considered satisfactory. In French circles it is hoped that between now and March 1, especially after they have held their Senatorial elections, the Germans will modify the violence of their opposition. It is recognized that every German political party is compelled, in view of the approaching elections, to try to appear more patriotic than its opponents.

In the Chamber of Deputies it was decided to postpone a vote of confidence on the Paris decisions until tomorrow. Louis Klotz, former Minister of Finance, attacked the agreement in a long argument, but it is believed probable that Briand will obtain a large majority in the confidence vote despite the growth of a certain amount of opposition. Louis Locheur, Minister of Liberated Regions, replying to Klotb on behalf of the Government, gave the first authoritative governmental figures relating to certain parts of the reparation question Locheur prophesied that in 8 years France would be receiving 8,000,000,000 gold marks annually and that by that time the value of both the franc and the mark would have gone back to their prewar value again.

KILLS DETECTIVE'S SLAYER

Police Chief Wounded in Gun Fight During Robber Hunt

Salt Lake City, Feb. 9.—George P. Hamby, a detective, was shot dead by Tom Burns, aged 30, who in turn was shot by Chief of Police Joseph E. Burbidge in a raid yesterday on Burns' room in a hotel here.

Burns died an hour later. Chief Burbidge was wounded in the shoulder during the encounter.

The police, searching for a band of robbers, broke into the room occupied by Burns, who fired at Hamby, killing him instantly.

A hotel clerk and four men and four women were held pending an investigation.

Previously another detective, who had entered a hotel searching for robbers was knocked senseless bound and gagged. Police who went to his rescue captured three men after a pistol fight and released the detective. Two of the band escaped.

TO-DAY'S THOUGHT. Men employ speech only to conceal their thoughts.

Timely Action of Chamber of Commerce. In yesterday's GAZETTE appeared a letter from one of our citizens anent the treatment of motorists touring via Alexandria. The Chamber of Commerce, as was recently noticed in these columns, already have taken action in respect to this subject, and it appears to be most timely. We trust there will be no more cause for complaints from visiting automobilists.

Aviation In Congress. When the bill on War Service appropriations came up recently in the House, Representative Moore, of this Congressional district, took a prominent part in the debate. His remarks have attracted wide and favorable comment, the principal aviation journal in the country being especially commendatory.

Gazette Becoming Famous. Within the past month the GAZETTE has taken occasion twice to refer to the columns of its highly-regarded neighbors, the Washington Post and the Washington Star, as having in each instance published editorials on subjects exactly similar to those treated of by the GAZETTE and following the thought and argument laid down by this paper. As both of the Washington papers were published after the dates of the editorials appearing in the GAZETTE, we felt somewhat flattered by the identity of conclusion and argument.

This morning there appears in the Washington Herald at the head of its editorial columns, as the quotation for the day, the same passage from Pascal that appeared in the GAZETTE of yesterday. The GAZETTE'S policy is to keep just a little ahead of its neighbors.

That the GAZETTE is read even in New York, is also apparent, from the letter published elsewhere in today's paper, from the distinguished columnist "K. C. B.", who thanks the editor for a paper received last week.

A newspaper, being entirely impersonal, is permitted liberties in self-praise not accorded to individuals. Wherefore, no apologies are necessary if the GAZETTE sometimes points out to its readers those acts of competitors that speak louder than words.

Women On The School Board We note the election last night of men to fill the vacancies on the School Board. Pursuing its fixed policy the GAZETTE did not take any part in the preliminaries. But we desire to say, now that the election is over, that we believe women should have a place on school boards everywhere. Next to the teachers themselves, the women of the land know more about the needs of their children than the ablest and brainiest of men. They know by the gift of that marvelous intuition that to them is God-given, what their children lack, what they require, what their education should be, and they alone can be depended on to round out the directive personnel of those who guide the destinies of our schools. Another time, ladies, and we doubt not you will win.

"HOW WELL YOU LOOK!"

When Your Blood is Rich and Red People Notice Your Good Health

Pepto-Mangan Builds Health

Pale Face, Dull Eyes, Drooping Shoulders, Result From Clogged Blood

If your blood is in bad shape it shows up in your looks and feeling. When your blood is rich with red corpuscles your color is better—your lips are red, eyes wide open and bright; your good feeling shows in your actions.
Common sense will tell you that if weak, thin blood makes you look lifeless, it lowers your vitality. If your vitality is low you have little power to resist disease germs. Men, women and children with rich, red blood are able to fight off the germs which bring severe illness.
When you feel run down and weak, with no appetite and no ambition, take Pepto-Mangan for awhile. It is a great blood building tonic. You should begin to feel better within a few days.
Pepto-Mangan is put up in both liquid and tablet form. Take either kind you prefer, because they have the same medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package. Adv.

Experienced Mothers know the wisdom of assisting nature before Baby's coming

IT is natural to think of the expectant mother's influence upon the unborn babe. Her food, her habits, her hygiene, and even the condition of her mind, all have a part in determining the well-being or ill-being of her infant before birth.
No woman awaiting the joys of coming motherhood should allow the days to pass without giving nature a helping hand—*because* the conditions of pending motherhood, existing as they do, over a protracted period of months, create almost a new state of being for a woman.
Just as she prepares herself for it, so will most favorable conditions prevail when her child is born.
MOTHER'S FRIEND is a balm for the nerves, an intensley penetrating lubricant that softens the muscles, relaxes tension of the delicate organism involved in maternity, and prepares the way for an *easier, quicker and practical delivery.*

Winning and Losing

A speculator sometimes makes it, but more often he doesn't. The man who works and saves always makes it. All the great fortunes were started on the working and saving plan. Men who work and save are usually happy. Men who are "blowing in" all their earnings are seldom happy. No one can tell what will happen. The man who has "salted down" his pile in government savings securities or in other standard investments doesn't have to worry.

Wanamaker's Two Clerks

"The difference between the clerk who spends all of his salary and the one who saves a part of it is the difference—in ten years—between the owner of a business and the man out of a job."—John Wanamaker.

A Day's Work

A full day's work for a full day's pay; honest effort, systematic saving, judicious investment—these things mean real prosperity. The man who is ahead can look the whole world in the face. His independence begets self-reliance and adds to his efficiency. He becomes a more valuable citizen.

Dollars And Work

Every dollar in the world represents work that some person, somewhere, has done. When anyone wastes a dollar he wastes that person's work. Moreover, he fails to get his money's worth. Wise spending eliminates waste. It leads to regular saving, and the person who saves is independent of those worries which are so vexing to the "handtomouth" fellows.

Good Citizenship.

The standing of this man's town depends upon the prosperity of its citizens. Foolish spending and waste destroy that prosperity. It is, therefore, the duty of everyone to spend wisely and to invest carefully. Government savings securities and other standard investments are great helps along the road to independence.

In Debt And Out

The man in debt must bow to the lender. The ring of the door bell makes him nervous. He is often imposed upon by the loan shark. The man with a good savings account and with money properly invested is self-reliant. He knows the welfare of his family is not in jeopardy. He is independent because he has learned how to save money.

Are You Suspicious—of Your Health?

One may not be actually sick, yet feel so tired and languid, low-spirited and ambitionless, that he can not truthfully say he is in good health. The kidneys work all the time, night and day, and it is no wonder that they become weak, sore or diseased. Nearly everybody suffers from kidney trouble or bladder ailments. Nature gives warning signals by backache, lameness, stiff joints, sore muscles, rheumatic pains, puffiness under the eyes and blurred vision.

RELIEVED HIS BACKACHE

It gives me great pleasure to recommend Foley Kidney Pills as in my case they relieved me of a severe backache that had bothered me for several months. A few bottles fixed me up in good shape.—Jos. G. Well, 734 S. Jackson St., Green Bay, Wis.

FOLEY KIDNEY PILLS

give quick and permanent relief from kidney or bladder troubles that have not reached a chronic or bad stage. They stop bladder irregularities, strengthen the kidneys and tone up the liver. When the kidneys are properly functioning, they filter and extract from the blood the impurities that cause aches and pains and in the end may lead to serious illness. If you have any cause to suspect that your kidneys need help, you will make no mistake in taking Foley Kidney Pills.

MRS. GREGORY ALMOST LOST HEART SHE SAYS

Richmond Woman Restored By Tanlac Last August Gains 22 Pounds and Still Feels Fine, She Declares.

"When I tell all Tanlac did for me some folks may not believe it, but it's the truth," said Mrs. S. E. Gregory 215 S. Lombardy St., Richmond, Va. "I had almost lost heart, for I had suffered twelve years and I didn't weigh out one hundred and sixteen pounds and was so weak I felt that I might break down just any time. My friends had given up hope for me, as I was up in years, and I did not believe myself there was much chance for me.

"My stomach was so disordered that I couldn't eat anything scarcely and sometimes had acute attacks of indigestion. My nerves were worn to a frazzle and I was in such a strain night and day that I got but little rest. Frequently I was in bed three and four days at a time.

"Before I gave up entirely I read about Tanlac in the papers and made up my mind to try it. Tanlac restored my health and in six weeks I felt perfectly well, was eating anything I wanted and was doing my housework all by myself. That was last August and I have felt just splendid ever since and have gained twenty-two pounds in weight. I seem to have unusual strength and energy and really believe I have a new lease on life."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and good druggists everywhere.

Freed from the responsibilities of office, which have weighed heavily upon him during his convalescence, Mr. Wilson, his friends say, will shut himself in for a period of intensive rest and quiet in the new home he has purchased here.

He will deny himself to all callers except immediate memberr of his family, it is said, and a very few intimate friends with whom throughout his illness he has kept in contact.

No formal engagements of any character are expected to be made by the President until he shall have thoroughly adjusted himself to private life after some 10 years in public service. Even the writing which he has planned to do upon his retirement from the White House will be postponed for several months, his friends say.

Mr. Wilson is understood to have received a number of invitations to spend part of the summer out of Washington, but because of his delight with the pleasant weather here last summer, the first which he had spent in this city, it is regarded as unlikely that he will accept any of the invitations.

What Are Profits?

One of the mistakes many persons make is the thought that salaries and wages are profits. Personal profits are savings—what is left after living expenses are paid. The person who is not saving is in the class economically with the business which is earning no profits; and a business which cannot make money is headed for bankruptcy.

Makin It a Game

Men back from over-seas comment with wry faces on the difference between the people here and in France in the matter of thrift. An ex-service man recently put hisfinger on the point. "They enjoy it," he said. "They make a game of it. "Its their favorite sport". He hit it. If one is to undertake thrift, he must do it affirmatively and with zest.

HEBREW CONFERENCE

To Be Held In Buffalo, N. Y., May 24-26

Buffalo, New York, Feb. 9.—One thousand reform Jewish rabbis and prominent laymen and women will come together from all parts of the country in this city May 24, 25 and 26th, to discuss the condition and future of Judaism in America. Extensive preparations are being made here to entertain the visitors, who will be delegates to the annual convention of the Union of American Hebrew Congregations and its affiliated body, the Federation of Temple Sisterhoods.

The convention will give much of its time to discussion of the problems of anti-Semitism in America, the extension of synagogue and religious school facilities to enable all Jews everywhere in America to participate in Jewish activity, the establishment of a pension fund for rabbis, and the success of the revival and financial campaign conducted by the Union. Reports will be given on the work of the Hebrew Union College at Cincinnati for the training of rabbis.

J. Walter Freiberg is president of the Union, Charles Shohl, Julius Rosenwald, Isaac W. Bernheim and Ludwig Vogelstein, vice-president, and Rabbi George Zepin, secretary.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

Wanted: A Hat Rack

About eight million American women are helping the men finance the families. Every year a million working men become dependent, either upon their relatives, or upon public charity for their support. Those who fail to develop the savings habit in their productive years, rarely know where they will hang their hats when they are old.

KINGDON GOULD PAYS $90,000

New York, Feb. 9.—After a conference that lasted the better part of the afternoon, in the office of Norman P. Schloss, a settlement was arranged between the principals of the $500,000 breach of promise case brought by Mrs. Elsa L. Blum against Kingdon Gould.

The case was on the calendar for trial yesterday morning, but will be discontinued by consent of both parties, attorneys for both sides said.

Although neither side would give the exact details of the settlement the figure was understood to be about $90,000.

Million Bandits' Loot, But Victims Fools 'Em

Chicago, Ill., Feb. 9.—Somewhere in Chicago are two angry bandits, probably grinding their teeth and cursing over about $1,000,000 in stage money that the black bag which they stole contained.

At noon Monday Clarence Beatty, collector for the Atlantic and Pacific Grocery Stores, emerged from one of the stores on the West Side, carrying a bulging black bag. As he stepped into his car two waiting bandits followed him in theirs. Half a mile away Beatty's car was "curbed" by the bandits' car.

"Hand over the bag," growled the robbers, "and don't pull any monkey business or we'll blow your brains out."

To show they meant what they said they focused their revolvers on Beatty.

Beatty did as he as told. The bandits drove away at top speed with the booty. The collector drove in the opposite direction and a smile gradually spread over his countenance.

"Fooled 'em that time," he told the police. "Nothing in the bag but stage money. Carried the real stuff in my pocket."

And as proof of his statement he produced $500 in real money.

How Interest Grows

If the average young man would save ten per cent of his earnings every year, putting his savings into substantial investments like Liberty Bonds, at current market prices, for instance, his yearly interest when he became fifty years old would be a third as much as his annual salary. Many are following the plan and are headed for success.

COLDS

A TALK WITH AN ALEXANDRIA MAN

Mr. Frank E. Root, Blacksmith of 107 South Payne Street, Tells His Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give her an interview with an Alexandria man:

"I had trouble with my back," says Mr. Root. It was weak and lame and sometimes the pain was pretty bad; I could hardly bend over or straighten up Mornings my back was so sore it felt like pins and needles when I touched it I also had bad headaches Nights I had to get up five or six times, and when morning came I was all tired out. This went on until I was advised to use Doan's Kidney Pills. I got Doan's at Leadbeater's Drug Store and they certainly reached the spot. My kidneys acted regularly again and I got wonderful relief from the pains in my back. Since then I have used Doan's once in a while to keep my kidneys toned up."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Root had. Foster-Milburn Co. Mfgrs., Buffalo, N. Y.

DODSON KILLING USE OF CALOMEL

Says Drug is Mercury and Acts Like Dynamite on Your Liver

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor an dambition.
